

REGINA L. ROSENTHAL
M.D., F.A.C.S.

Regina L. Rosenthal, M.D., F.A.C.S. is the medical director of A Woman's Center for Cosmetic Surgery in Campbell. With over 15 years of experience, Dr. Rosenthal has helped thousands of women and men to achieve their aesthetic surgical goals. Named as one of Silicon Valley's finest plastic surgeons, Dr. Rosenthal specializes in safe, state-of-the-art techniques to rejuvenate, sculpt, and enhance the face and body. "At A Woman's Center for Cosmetic Surgery, we recognize that each patient is unique, so every procedure is carefully customized to accommodate that individual's specific needs and desires."

Dr. Rosenthal and her staff provide a wide spectrum of cosmetic surgical services. Breast augmentations, lifts, and reductions are performed with limited-scar techniques. An emphasis is placed on facial rejuvenation procedures, such as face and neck lifts with endoscopic browlifts, and eyelid lifts that preserve and enhance a natural appearance. Vaser ultrasonic liposuction and abdominoplasty improve body contour. Microdermabrasion, collagen, Restylane, Botox, laser hair removal, and intense pulse light treatments are also options.

Dr. Rosenthal is certified by the American Board of Plastic Surgery and is a Fellow of the American College of Surgeons. She holds a Bachelor of Arts degree with high honors from Brown University and graduated from the University of California, San Francisco School of Medicine. Dr. Rosenthal completed her plastic surgery residency at Stanford University and has fellowships in both reconstructive and facial rejuvenation surgery. She is an active member of the American Society for Aesthetic Plastic Surgery and the American Society of Plastic Surgeons.

Dr. Rosenthal and her staff at A Woman's Center for Cosmetic Surgery are dedicated to providing the highest quality aesthetic surgical results in a safe and caring environment.
